HAMLIN FOLKS ATTENDED LECTURE

College officials and visitors from many parts of the world expressed opinions that the twentieth annual Bible Lectureship of Abilene Christian College which closed Thursday February 25, was one of the most successful meetings ever held by members of the Churches of Christ.

Missionaries from every continent and visitors from 12 states besides Texas attended the lectureship. "The Church and Its Great Mission," was the general subject of the thirteen principal addresses. Roundtables concerning mission work in the fields were led by missionaries from various fields. Four hundred fifteen out of town visitors registered, from 98 Texas communities and 12 other states.

Record attendance greeted the speakers from the beginning of the series with the largest audience ever assembled in Sewell auditorium—1450 persons hearing J. Dow Merritt, missionary in Northern Rhodesia, Africa, on Wednesday night.

Guests from Hamlin were Mrs. A. H. Humphreys, Mrs. Q. Martin and son, Mac, Mr. and Mrs. W. T. Cherry and family, Mrs. C. B. Rowland, Minister and Mrs. Woodie Holden, Mrs. J. W. Chandler, Mrs. A. Tinsley, Mr. and Mrs. E. A. Preston and daughter, Miss Lamoine, Mrs. W. J. Reynolds, and Mrs. W. B. Teague.

'HAPPY-GO-LUCKY'

Here the Seniors are at it again—something new—something different—something colossal in "Happy-Go-Lucky."

Monday Miss Thompson gave the play books to the Senior cast and they began rehearsals on Tuesday. The cast, with Miss Thompson as director, and Lila Bell Moore as business manager, are planning, working and striving to give the best Senior play ever presented. They want to make history.

Watch for all reports on the play and make your plans to see "Happy-Go-Lucky," and then you'll be "happy-go-lucky."

DON'T DESTROY PARK PROPERTY

A representative of the State Highway Department was a caller at the Herald office this week to ask us to sound a warning that parties from Hamlin, perhaps, or Aspermont, maybe, or from this area are not respecting the State Park property at the Brazos River as they should.

They have made a lot of new improvements over there and they are going to put somebody in trouble unless those who go there respects the property as the state expects.

For example there are driveways over there for safe and sane use, but some smart aleck tries to ride over or down or across banks, shrubbery and even benches and the result is destruction. Also there is a barbecue pit prepared and it seems that some have used it like vandals. Then there comes the breakage of trees. Some have even broken off trees to build a fire, maybe to fry eggs, or broil bacon. Trees represent time and to break them or injure them is pure "dumb-bell" recklessness.

Now, let's see what will happen. The State will not stand for that kind of use of its property. But some guy will say that, "the State does not own it," and that's all you know about it. If state labor goes into it, and the state's interest is there, you may rest assured that the state does have a claim on every rock and bit of twig there. So, here's our tip. Take good care of the thing the State is fostering for the pleasure of the people or some people may be called to answer for their conduct. Yes, they have a way of "catching up" with you. Just be careful.

J. W. Ezell is in the Baptist Hospital at Dallas, where he underwent a major operation last week. For several days he was in a dangerous condition, but late reports are that he is doing better.

Mr. and Mrs. Sam Hardy, formerly of the State Bank at McCauley and lately with the F. & M. Bank here, are moving this week to Memphis, Texas, where Mr. Hardy will have charge of the Federal Production Credit Association. This is a fine couple going to a good town and country, and their friends wish them success and happiness.

Mrs. J. B. Terrell was carried to the Abilene Hospital for a major operation on Wednesday of last week. She had a close call but late reports are that she is better and should soon be home.

MR. NEELY HAS MARKET

Tom Neely can't stay out of the Market business. This week he is announcing his business at the TERRELL GROCERY. Tom is a jolly fellow and can smile as big over a 5c sale as a five dollar order. He says, "Try Me," and Terrell says, "Do."

SANTA FE GOING STREAMLINED

The Santa Fe Railway has placed an order with the Budd Manufacturing Company for fifty-two lightweight, streamlined, stainless steel passenger cars, Samuel T. Bledsoe, president of the Santa Fe, announced yesterday.

The fifty-two cars, embodying the very latest in de luxe passenger equipment, are being constructed in the Budd Company's Philadelphia plant, which also is constructing the Santa Fe's new nine-car Super Chief train which will be placed in service sometime this spring between Chicago and Los Angeles, offering a schedule of 39 hours and 45 minutes between the two cities.

This order makes a total of sixty-one lightweight cars ordered from the Budd Company by the Santa Fe, a few of which already are in service.

The Santa Fe also has ordered a new streamlined 3600-horsepower Diesel locomotive, now being built at the La Grange, Illinois, plant of the Electro Motive Corporation. It will be used to haul the new Super Chief.

Included in the order announced yesterday by Mr. Bledsoe, are thirty de luxe passenger coaches, ten de luxe diners, six club lounge cars and six club baggage cars.

This purchase announcement is but another step in the Santa Fe's improvement program which has included new equipment for the Super Chief, the ordering of 3,025 new freight cars and 27 locomotives, and purchase of 155,000 tons of steel rail and fastenings, all within a few months.

NECESSARY

It is the policy of the Herald to keep a close tab on the dates, subscription expirations and give due attention callers to this fact before the paper is stopped.

Watch your dates just following your name; this shows each week how you stand. It is OUR loss if we go beyond what you order. If you pay for 12 months—watch your expiration date and renew just as the time is out.

Mrs. R. V. Teague and Mrs. M. Hudson went to Lamesa Tuesday to be with their sister, Mrs. James Rands, who had taken an operation in the Lamesa hospital Sunday. Mr. Teague and Mr. Hudson returned early Wednesday and report that doctors hold no hope for Mrs. Rands' recovery. She formerly lived in the Neinda-Carlton community and a host of friends are anxious. (Later, reports are that Mrs. Rands died Thursday morning.)

A. DAVIS BURIED IN LA VERGNE, TENN.

Mrs. A. Davis and little daughter, Pattie Ann, and Mrs. George Howard, returned Tuesday from Nashville, Tenn., accompanied by Conductor R. L. McIntosh, after the final rites for Mr. Davis on Sunday afternoon.

Funeral services were conducted at the family home in La Vergne, Tenn., near Nashville, at 2:00 P. M. and interment was in the family cemetery near the home. The pastor of the Presbyterian Church, in the absence of the pastor of the Church of Christ, of which he was a member, conducted the services.

Besides his wife and little daughter, and two sons, he is survived by one brother, Ben Davis of La Vergne, Tenn., and two sisters, Miss Pat Davis and Mrs. A. A. Speier of Nashville.

A. Davis had spent half of his life in Hamlin. He was fifty years of age on January 31. He was with the Orient Railroad for many years and went with it into the Santa Fe system when it changed hands. His record was listed excellent. He was a man who made friends with all his associates. Not only will his fellow trainmen miss him but all others who knew him.

At the old home community a most wonderful tribute was paid to the memory of Mr. Davis by the large number attending his funeral and by the beautiful display of floral offerings.

Austin, Texas, March 1. — Only thirteen commercial failures occurred in Texas during January, a sharp decrease from a year ago, and total liabilities of the bankrupt firms showed even a sharper percentage decline, it has been announced by the University of Texas Bureau of Business Research.

HAMLIN PIPERS STOPPED AT DUBLIN

Hamlin Pied Pipers went into the Regional basketball finals with good chances of winning and would have then gone to the state.

Last Friday they tackled Evans and won 44 to 26, and then on Saturday night locked horns with the Dublin Lions. Dublin had won over Crews by only 30 to 25 and it looked as though Hamlin would have a walk-over with the Dublinites.

The score by Quarters stood:
Hamlin ----- 4 7 1 11—28
Dublin ----- 2 7 7 13—29

Thus it will be seen that the Pipers had an edge on the Lions most of the time, and had they run true to form the score should have been reversed. 29 had been their score lead in so many games before this one. The Piper line was made up of Farmer, f; Bonds, f; Whaley, f; Hubbard, c; McCoy, g; Walraven, g; and Knight, g.

MR. AND MRS. ENSEY HAVE

A FINE BABY GIRL

Little Miss Monnie Ann Ensey, now age 9 days and weighing 8 pounds, arrived in Hamlin Monday to make her home with Mr. and Mrs. Ensey as an adopted daughter.

This little lady has already won the hearts of all who have seen her and the greatest smiles are given by Mr. and Mrs. A. D.

E. E. Bond of Sweetwater, had a birthday Thursday, March 4th and his sister-in-law, Mrs. Glenn Bond made him a present of the Herald for 6 months. That's a good way to remember a relative or a friend. Send 'em the Herald.

A PIONEER RELIC

One can hardly imagine how far (maybe) we have come in the last fifty years.

Monday morning Richard Young drove, (taxied, motored or autoed) up to the Herald office with a reminder of an old day, a pioneer time when if one used "taxied, motored or autoed" nobody would know what the words meant.

Mr. Young had on the front bumper an article that not many under 30 years of age could name, right off the bat. One young lady says, "It's something people used to put on cow's necks"—then she grinned as if in doubt. We kindly remarked, "No, young lady, not cows, but steers." No sir, not many young people can recognize a "steer yoke."

The one Mr. Young had belonged to Solomon Johnson, who was the father of Mady Johnson who died a few weeks ago. Solomon Johnson came to Fisher County in 1884 from Seguin and that ancient ox yoke was on his steers. This yoke is weather-worn, yet the irons on the great beam are good but show wear. The two yoke loops were "toil worn." Solomon Johnson's youngest son is R. M. Johnson, now living in Bethany, Oklahoma, and operates a service station. He is the rightful heir to the "yoke" and thus Mr. Young complied with his request and expressed it to him, Monday.

M. R. Johnson "services" the latest method of transportation and no doubt will hang his grandfather's best means of work and travel, in a prominent place to convince the autoist that "back yonder" people did not need gas or lube. What if that old yolk could talk?

Mrs. Richard Hinkle of Pecos, is spending the week with her parents, Mr. and Mrs. Bowen Pope.

Beware The Cough
From a common cold
That Hangs On

No matter how many medicines you have tried for your cough, chest cold or bronchial irritation, you can get relief now with Creomulsion. Creomulsion not only contains the soothing elements common to many remedies; such as, Syrup of White Pine Compound with Tar, fluid extract of Licorice Root, fluid extract of Ipecac for its powerful phlegm loosening effect, fluid extract of Cascara for its mild laxative effect and, most important of all, Beechwood Creosote is perfectly blended with all of these to reach the source of the trouble from the inside. Creomulsion can be taken frequently and continuously by adults and children with remarkable results.

Thousands of doctors use Creomulsion in their own families as well as in their practice knowing how Creomulsion aids nature to soothe the inflamed membranes and heal the irritated tissues as the germ-laden phlegm is loosened and expelled. Druggists also know the effectiveness of Beechwood Creosote and they rank Creomulsion top for coughs because you get a real dose of Creosote in Creomulsion, emulsified so that it is palatable, digestible and potent for going to the very seat of the trouble.

Creomulsion is guaranteed satisfactory in the treatment of coughs, chest colds and bronchial irritations and especially those stubborn ones that start with a common cold and hang on for dreadful days and nights thereafter. Even if other remedies have failed, your druggist is authorized to guarantee Creomulsion and to refund every cent of your money if you are not satisfied with results from the very first bottle. Don't worry through another sleepless night—phone or go get a bottle of Creomulsion right now. (Adv.)

Now that might have been one of OUR mosquitoes that got lost and strayed off up there. If so, please take good care of her and keep the lid on that bottle, but fed her good for we don't let our mosquitoes go hungry if they can't help it.

BROTHER DIED

Mrs. Mary Lenard, of Northwest Hamlin, received a message that her brother, M. F. Hamby, had died in Austin, on Feb. 16. He had lived at Sonora and had been in failing health for some time. He would have been 73 years old his next birthday, June 16.

Mrs. Lenard did not get the information in time to attend the funeral.

The Hamby family is one of the old pioneers of the Austin country, and Mrs. Lenard is one of the three surviving sisters. The other two, are Mrs. Harry Reasonover and Mrs. Lottie Eckert of Austin. There also are three surviving brothers—Charlie Hamby of Austin, Walter Hamby of San Marcos and Tom Hamby of Blackwell, Oklahoma.

The brother who just passed away was a little older than Mrs. Lenard of Hamlin.

WITH YOUR ENGINE OIL-PLATED

OIL-PLATING differs widely from other forms of lubrication in this plain, understandable way: It remains lastingly fastened to the pistons, bearings and other engine parts, even when they are not in motion. This is made possible by the Germ Process—patented—which gives Conoco Germ Processed oil its strong attraction for metals, so that every working part becomes durably Oil-Plated.

Oil-Plating is not like any lubrication that merely goes on-and-off. Once Germ Processed oil covers the parts it never leaves them bare of Oil-Plating. . . . Never when the pistons are racing thousands of strokes a minute. . . . Never on any hills, despite any load. . . . Never while you park at a dozen different stores.

So it's nothing to you, when engineers blame more than half of all engine wear on so-called "dry starting." Nor need you worry over all the rest of the annual Spring oil scare. Whether your car is new or old, you can make your longer runs . . . hit your higher speeds . . . enjoy your hotter sunshine. Oil-Plating can take it like the longest-lasting part of your engine. For Oil-Plating really becomes a long-lasting part of your engine, as you change to long-lasting Conoco Germ Processed oil. Continental Oil Company

GOVERNMENTAL ECONOMY

The people need a hero. He should be an economy hero. Present extravagance is fast undermining the nation and we are getting a double dose right here in Texas.

The legislature has been in session six weeks and there has not been a speech of ten minutes made by anybody for legislative economy. While the appropriation bill has not yet been offered, reliable information discloses that the money bill which the people are going to be called on to pay will be a hum-dinger.

Increased salaries, several new boards and a general appropriation increase in all departments will be the order of the day, and so far nobody has come forward to lead any revolt against extravagance that will bring the biggest tax load in the history of the state. I have mentioned these matters to several members of the legislature and they all agree that a perilous condition will confront the state, but they say that nothing can be done to stop the pending onslaught on the treasury. Now is the golden opportunity for some of these young members to make a name for themselves and render a wonderful service to their day and generation.

While I know that the effort might fail and it might be like John the Baptist crying out in the wilderness, yet the people will be grateful to all members of the legislature, be they young or old for any determined effort to stop this wild frenzy of inexcusable increase of tax burdens. Twenty members can call a caucus and invite all others who want to help, and can cut 20 million dollars out of the appropriations now in the making.

If the issue is made even by a few fearless members, the can shake the spendthrifts and appro-

The deficit is growing a half million a month, and it will take a tax rate more than double the present rate permitted by the constitution to pay current appropriations and the amount of the present deficit, which now is over 15 million dollars.

Now I am not talking about the pension debt that the people voted. That obligation will have to be paid some other way. I am only talking about current general revenue debts, Confederate pensions and school fund debts already contracted for.

This appalling increase in state debts will sooner or later lead us to another trouble. The courts have held that current revenues can only be used to pay current debts. In other words, this means that the warrants issued during the last fiscal year cannot be paid out of this year's current revenues to the exclusion of warrants issued in the current or present fiscal year. Any warrant issued before August 31st, 1936, can now be enjoined from payment until the warrants issued since said time are paid. There are several millions of these warrants out and unpaid, and the papers say that the treasurer is now paying 1936 warrants only up to May, 1936.

It is easy to see what this extravagant spending will lead to. We will soon be a year behind with our warrants and then the row will start as to who shall be paid first and how to pay at all.

Oh! for another Horatius to hold the bridge and say to these tit suckers "thou shalt not pass." Is there such a one in the 45th Legislature? Yes, I know two myself.

Miss Doris Proctor returned Saturday from Hutchinson, Kansas, where she visited her sister, Mrs. C. M. Proctor.

**MISS ALTA YOUNG MARRIED
FORT WORTH MAN**

Miss Alta Young, daughter of Mr. and Mrs. L. F. Young, of the Boyd Chapel community, became the bride of Mr. Charles Jeffries of Fort Worth, Sunday, February 28.

The ring ceremony was read by Rev. Arthur Kindall, pastor of the Methodist Church at Tuscola. Mr. and Mrs. Homey Raney, sister of the bride, the minister's wife and little daughter were the only witnesses.

Mrs. Jeffries finished school at Boyd Chapel in 1933, and was one of the popular young women of the community.

Mr. Jeffries is a graduate of North Side High School of Fort Worth, and is employed by the Swift Packing Company of that city. After a short wedding trip the couple will be at home in Fort Worth after March 10th.

Mrs. L. S. Magee returned Thursday of last week from Tyler where she had been called because of the death of her niece.

Don't put up with useless**PAIN**

Get rid of it

When functional pains of menstruation are severe, take CARDUI. If it doesn't benefit you, consult a physician. Don't neglect such pains. They depress the tone of the nerves, cause sleeplessness, loss of appetite, wear out your resistance. Get a bottle of Cardui and see whether it will help you, as thousands of women have said it helped them.

Besides easing certain pains, Cardui aids in building up the whole system by helping women to get more strength from their food.

Mrs. W. B. Fletcher, who has been here visiting her mother, Mrs. J. H. Feagan, returned to her home in San Angelo, Sunday. Mrs. Feagan accompanied her home and will visit there for several weeks.

Mrs. Norma F. Anderson and Miss Lou Dan Stephens visited in Merkel this week.

HOMEMAKING CLUB

HAMLIN WILL ENTERTAIN DISTRICT TWENTY-FOUR, SATURDAY, MARCH 13, 1937

The Hamlin Homemaking Club met in the High School Auditorium Wednesday, March 3. The short but very good program was given by Juanita Flenniken and Beulah Lou Burns. A report of the Treasurer, Callie Jo Bailey, showed that we have a great deal of work to do before delegates can attend the "Future Homemakers Rally" in Fort Worth.

The Roll Call and reading of the Minutes was given by the secretary, Mary Lou Bailey.

The Club sponsor, Mrs. Holmes and the club president, Kathryn Gardner, laid before the Club plans for the District Homemaking Meeting in Hamlin, Saturday, March 13. A very interesting program is planned, including lunch in the department. The public is cordially invited.—REPORTER.

4-H CLUB GIRLS OF BETHEL

The Bethel school girls met with Miss Day again February 26. We had a good meeting. We all enjoyed it. There were ten present. We had three new members and three visitors. We are very glad to have visitors and hope they will join soon.

We had a business session for a while, then we sang songs for a few minutes. We enjoyed the songs and Miss Day's talk also.

Our next meeting will be March 12, 1937. We hope the club will continue to grow and we are still hoping all the girls will co-operate with Miss Day.—REPORTER.

CARLTON 4-H CLUB NEWS

The 4-H Club girls met in the home of their sponsor, Mrs. Massey, on the 12th of February.

Miss Massey was present and showed hand towels. All have finished cup towels and are now sewing on hand towels.

Our Garden and Clothing demonstrators are liking their work very much. We are going to help them win.

We all have potted tomato seeds and are making hot beds.

There is a great interest in our club and we are keeping up with our work to date.—REPORTER.

**PLASTERCO AND SWEDONIA
CLUBS HAVE JOINT MEETING**

"Furniture will have a much smoother finish if a filler is used before varnishing," said Miss Joellene Vannoy, Fisher County Home Demonstration agent at the joint meeting of the Plasterco and Swedonia clubs in the home of Mrs. J. A. Nelson Tuesday, Feb. 23.

Putty, plastic wood or commercial filler may be used. A filler should be applied when the wood is new or when woods have had the filling cleaned out. If the open pores of the wood are filled, the wood has a better surface for the finish. Paste filler is good for open grained woods such as walnut, mahogany and oak. The natural paste filler may be stained by adding just enough turkey burnt umber or colors in oil to match the shade of wood to be filled. A test for color should always be made before applying.

A covered dish luncheon was served to Mrs. Ira Parker, Mrs. Axel E. Anderson, Mrs. J. W. Hudson, Mrs. O. R. Criswell, Mrs. J. T. Ware, Mrs. J. D. Barnes, Mrs. R. M. Young, Miss Lillie Young, Miss Gertie Young, Mrs. E. G. Young, Mrs. H. Jackson, Miss Joellene Vannoy and Mrs. J. A. Nelson.—REPORTER.

SOME GOOD WOOD

I have some cord wood on my place, two miles south of Hamlin, at \$2.00 per cord. Better come quickly.
